

**Tell City-Troy Township School Corporation
2011-2012 Bus Route Information**

We continue working with the city of Tell City with their “get healthy” initiative. So, there will once again be walking areas for students in grades 7-12. There will be no 7-12 bus service for students that live within the outlined area of the school. For those outside this area, there will be designated stops that the 7-12 students living in that specific area will need to walk to if they desire bus service. See map posted in the building for details

School bus routes 1-7 will pick up all students grades K-12 on one run (even for their Tell City stops, unless stated differently in the bus’s individual route description). Buses 9 and 10 will pick up students grades K-6 on a first run (exceptions are noted in specific route descriptions) and then pick up students grades 7-12 on a second run at prescribed stops located throughout Tell City. The single and double runs also hold true for the afternoon student delivery. However, K-6 students will be dropped first and then 7-12 students on a second run. Buses 8, 15, and 18 will make two K-6 runs each morning and then again in the afternoon.

Listed below are bus route descriptions that we will begin the school year with. These descriptions are for the morning bus run. Afternoon bus runs will cover the same areas and drivers will decide the exact route he/she will follow. This guide will give you a general idea of what part of the school corporation each bus covers. Please understand that we allow each individual driver to review the area he/she is covering and make adjustments to the exact locations of the bus stops. Factors such a student safety and student numbers in a certain area will be considered.

Drivers will do their best to be consistent with the time the bus arrives at each stop from day to day. However, it usually takes several days at the beginning of each school year to balance the student loads of each route and get the exact timing down. Some changes will probably need to be made. Please be patient. Most country routes will begin around 6:45 A.M. and in town (Tell City) routes will begin around 7:00 A.M.. Until you know the exact time of your child’s bus, be at the bus stop plenty early.

Route #1 Nathan Amos 719-3850

This route will cover the following areas: Squirrel Road; the Troy area. This includes all of Troy and the Soloman Road areas, but does not include anything on Walnut Street East of Hwy. 545 towards Troy Ridge Road.
