**3. New Business:**

**a. Covid Update and Policy Review M LG V 4-0**

The superintendent provided updated numbers regarding COVID in both buildings. There have been many new positives since the Thanksgiving holiday, with over 60 students quarantined and 19 + between both buildings. The quarantines at this time are less than last year due to following the Executive Order with masks in the buildings. With only 12 school days left in the semester it is recommended to continue following the EO and maintain masks. Mr. Goffinet states that we have a team quarantined so the masks aren't helping in all aspects, but it is clarified that ECA's are considered high risk and exempted by the governor. In class, the EO allows us to only quarantine positive students and those in high risk activities. Mr. Goffinet points out that other schools have dropped the masks and they aren't seeing the positives we are seeing. The superintendent cannot speak to why other schools are not seeing the positivity that is seen in our schools. Mr. Thomas speculates that no change is possible until the legislature addresses quarantine rules, and states Perry Co is the only one in Southern Indiana that is red. Mr. Thomas states our corporation is honest and follows the laws as directed. Mr. Goffinet stated a couple of weeks ago Perry County was doing better than most counties and we were in the yellow, but that has changed. Motion is to continue with the current local practice until the Governor's EO expires.
